

The Gilead and Kite Research Scholars Program for Hematology/Oncology

Now accepting applications!

**Each award is funded up to \$130,000 for two years,
to be paid in annual installments of up to \$65,000 per year.**

Gilead and Kite's Research Scholars Program supports innovative research from emerging investigators around the world to advance scientific knowledge in areas of unmet medical needs and improve the lives of patients everywhere.

The Research Scholars Program for hematology/oncology is currently accepting applications from early-career scientists to support innovative translational research projects in hematologic malignancies that can be based around either a clinical trial or laboratory investigation.

Applications will be reviewed and selected by an independent Scientific Review Committee comprised of internationally recognized experts in basic and clinical research in the field of hematology/oncology.

Junior faculty and early-career scientists from Europe, the Middle East, Asia and Australia are eligible to apply. Awards are subject to separate terms and conditions.

Date of Prep: December 2020
Job Code for Hematology/Oncology Ad: IHQ-ONC-2020-11-0007
